

Roam Mobile event WiFi rental is a perfect cost saving solution compared to the overpriced internet options offered at exhibition, convention and hotel conference across Canada. With the Roam Mobile Smart Hub you'll be able to send and receive large e-mails, stream live video and surf the web with ease when accessing the 4G LTE network.

FEATURES

- WPA wireless encryption for secure connections
- Connect up to 32 simultaneous users
- FREE setup and configuration
- Printed stretch fabric graphic
- FREE customize Wi-Fi network name and password
- 2 CAT5 Cables for land line devices

Mobile Smart Hub Rentals

SHARING MADE AFFORDABLE

You never have to worry about expensive roaming bills anymore. So go ahead, post those photos, send those emails to your friends and love ones!

CONNECT ALL YOUR DEVICES

You can connect up to 5 Wi-Fi enabled devices like smartphone, laptop or tablet, perfect for family, group or business travel.

QUICK AND EASY TO SETUP

Setting up Roam Mobile travel WiFi hotspot connection within seconds. No software to install or reading thick and complicated instructional manual.
